# Pueblo of Laguna

**This directory of local businesses** provides information on both Laguna-owned businesses and other businesses operating in the area of the six villages. It intends to help community members meet their needs while supporting local businesses, large and small. The directory should make it easier to find and purchase goods and services throughout the Pueblo.

The Pueblo of Laguna Planning Program is creating and maintaining this directory. Listings include vendors that provide goods and services, such as food sales, catering, traditional sewing, moccasin-making, other arts and crafts, wood hauling, handyman services, hair styling, accounting, and many others.

**To be included in the Directory fill out a brief survey at:**
