

NEW YEAR NEW TRIBAL ID CARDS

This is official notice that the Tribal Enrollment Office has installed a new ID system for the Tribal Member Photo IDs. We will begin issuing new Tribal IDs, which are compatible to the Real IDs issued by the Department of Motor Vehicles. The new IDs will include a physical address, an expiration date and will no longer include a social security number, which will make the IDs more secure and compliant with the Real ID standards.

You are still required to schedule an appointment to obtain a photo ID. In order to ensure your information is accurate/correct, we are requesting that individuals provide a copy of their birth certificate, if there's not one on file with the Enrollment Office. You will also need to provide proof of physical residency, in order to verify your physical address.

Photo IDs are done on Fridays, from 8:30 am to 4:00 pm. The price for the IDs will increase to \$10.00 per card, due to the upgrade and their compatibility to the Real IDs. If you would like to schedule an appointment, contact the Tribal Enrollment Office at:
(505) 552-5771/5772/5773.

*****Photo IDs are issued to enrolled members ONLY*****
